## F D A - EU 10/2011 – EC 1935/2004 - NSF51

### PRODUCTS:

PTFE THIN WALL TUBES  
HOSEFLON SW AND CT (INSIDE PTFE HOSE)

Dear Customer,

We insure you that the PTFE resin transformed to manufacture our products meets the requirements of the **FDA REGULATION 21 CFR 177.1550**, specifically in the intended food contact applications. Our tubes in such use are in compliance with commission regulation **EU 10/2011** and article 3 of the framework regulation **EC 1935/2004** on material and articles intended to come into contact with food. Furthermore they are in compliance with **NSF51**, here below the reference link:
